Boyle | Shaughnessy Law at the Giving Factory 2023

Boyle | Shaughnessy Law's annual support of Cradles to Crayons at The Giving Factory was a great success as BSL attorneys and staff sorted clothing to be distributed to local kids in need.

Founded in 2002, Cradles to Crayons provides children from birth through age 12, living in homeless or low-income situations, with the essential items they need to thrive – at home, at school and at play. Cradles to Crayons supplies these items free of charge by engaging and connecting communities that have with communities that need.
