Boyle | Shaughnessy Law at The Giving Factory – Cradles to Crayons

Boyle | Shaughnessy Law recently supported Cradles to Crayons at The Giving Factory during this giving season. BSL attorneys and staff, in the spirit and tradition of the firm's commitment to our community, packaged over 150 Kid Packs to be distributed to local kids in need.

Founded in 2002, Cradles to Crayons provides children from birth through age 12, living in homeless or low-income situations, with the essential items they need to thrive – at home, at school and at play. Cradles to Crayons supplies these items free of charge by engaging and connecting communities that have with communities that need.
