

Boyle | Shaughnessy Law – Cradles to Crayons 2021

Boyle | Shaughnessy Law's annual support of Cradles to Crayons was a great success as BSL attorneys and staff processed and packaged clothing packs to be distributed to local kids in need.

Founded in 2002, [Cradles to Crayons](#) provides children from birth through age 12, living in homeless or low-income situations, with the essential items they need to thrive – at home, at school and at play. Cradles to Crayons supplies these items free of charge by engaging and connecting communities that have with communities that need.
