

Women's Initiative Dinner – Boston's North End

The BSL Women's Initiative recently gathered for dinner in Boston's North End. Our Women's Initiative's mission is to recruit, retain, develop, and advance women attorneys. To ensure, through proactive programs and activities, that women attorneys in the firm have the same opportunity for advancement and success as men do. And, to provide a platform for the women attorneys at Boyle | Shaughnessy Law to come together and find community, share experiences and advice, and grow together.
